DISHONOR FOR SALE

Liberals and kosher conservatives always moan, "Why do you blame the Jews for everything? What do they do that they should be singled out? Other people do bad things, too!"

Well it's true that other people do bad things. There are plenty of rotten Gentiles. Millions of them, I'm ashamed to have to admit.

But there's one evil which is almost exclusively a Jewish monopoly: the commercialization of immorality.

The American Jew Committee got its start in New York when commercial prostitution in that city--and all over the Nation--turned out to be a Jewish business and the AJC set out to silence that fact and prevent Americans from knowing it, just as they have suppressed the fact that Murder, Inc. was Jewish.

The Jews search out every weakness and filthy characteristic of a people, and then, with infinite genius, develop methods of turning that weakness into their own profit, into cash.

Herewith we present photographic evidence of something which ought to shock the pants off of all but the most hardened.

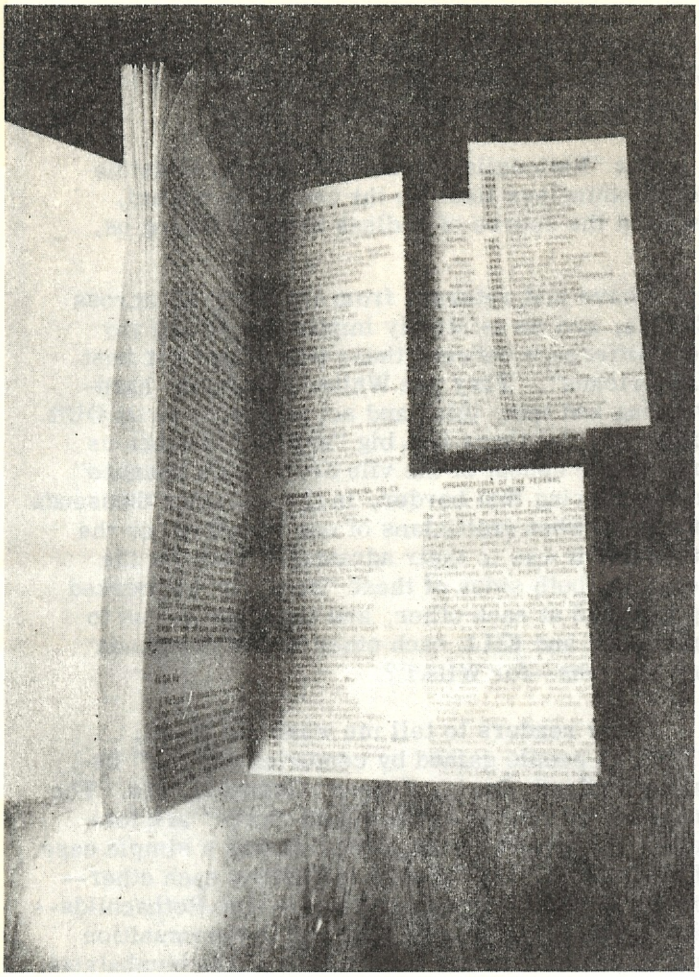
At Dulles Airport, I myself took the pictures which we print herewith of a rack of books which are sold to college students. They are called "Basic Facts" books, and are available in almost all college subjects. Notice the little come-on phrase at the top of the rack, "Extra--8 Cram Cards in Each Book!"

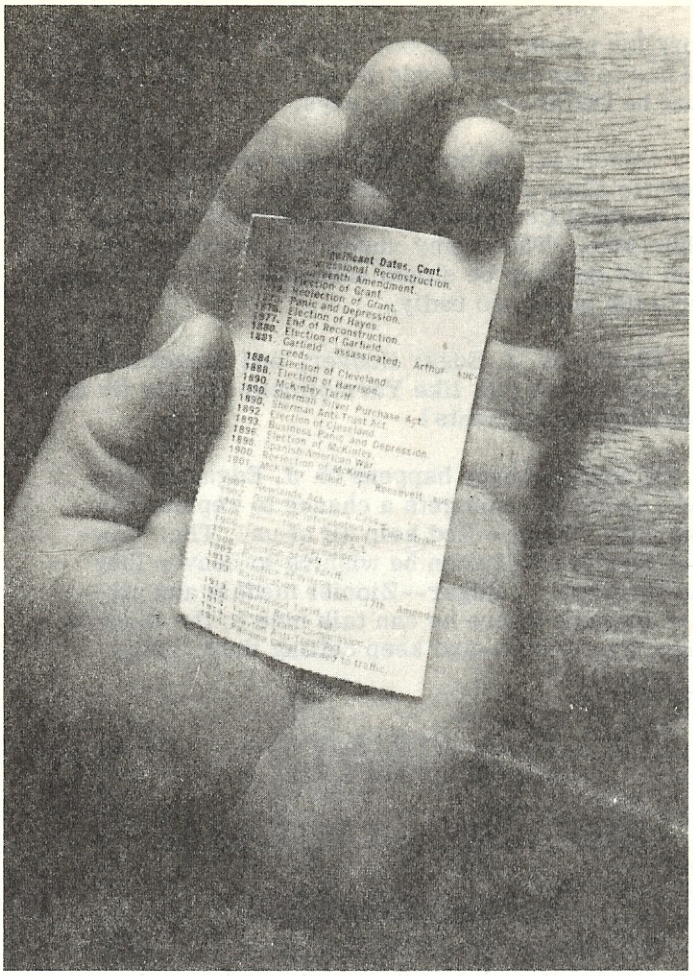
Now look at the so-called "cram-cards".

In the center of this booklet, I have photographed the perforated "cram-cards" so you can see how they are attached and how they can be easily torn out.

Finally, I have photographed the "cram-card" IN ACTION--the way it can be used TO CHEAT during examinations!

The books are not advertised for "cheating", but does anyone imagine the perforations are in





there just because the printer couldn't resist making them? Or that they just "happen" to be the exact size to enable a cheating student to PALM THEM, as shown?

The information on the cards is precisely what one would expect to be examined on in a test. And with a set of these little cards, any boob can get "100"! The honest student hasn't a chance alongside the kid who has THESE commercial "cram-cards".

Now WHO do you think is the author of this little booklet?

"Strangely" enough, it turns out to be a Jew with almost the same name as another Jew--a traitor who cheated us out of Atom-bomb secrets and then fled to Israel a couple of years ago--Robert SOBLEN!

If there were any real moral fiber left in America the authors and sellers of these abominable commercial CHEATING devices would be put in PRISON, where they belong.

But there will be--there has been--no outcry at ALL.

Nothing! Those books have been selling there to students for at least three months that I know of, with policemen and detectives walking by many times every hour.

A people which will tolerate this commercial prostitution of its youth and its honor is marked for misery and extinction.

Hoover & the Niggers

The campaign to "get" J. Edgar Hoover didn't work. The old fox is too sharp for the punks and the black savages like Martin Luther Coon. I suspect he has thoughtfully provided himself with the information to smash any Red legislators who join the Worker (and, unfortunately, some of our own people) in the howl for Hoover's scalp.

It costs me a lot of support in some quarters of the South, but I remain steadfast in my loyalty to the man who has, singlehandedly, stood up to the enemy these long, bitter years when Reds and traitors and nigger-lovers have been running the government of the United States of America.

I just wish with all my heart the Hoover-haters would try to realize that the old gent is forced to work for people like Bobby and LBJ and Katzenbach. He has to pay these cruds lip-service. But I watch what he DOES--not what he says.

Somehow, the people he keeps sending to the electric chair (like the Rosenbergs) and the prisons are disloyal Communist JEWS and NIGGERS--not White Men. The enemy hates him with a passion. I am not going to be stupid enough to hate that which hurts the enemy so badly.

God bless J. Edgar Hoover, and preserve him as long as Jew rats like Yarmolinsky and his ilk are possible replacements!

If anything ever happens to J. Edgar Hoover and Lyndon Johnson gets a chance to replace him with HIS choice--God help all of us! The "Jew-B-I" howlers will soon be wishing to heaven they had good old J. Edgar--Zionist medals and all--back in there where he can talk nice to the likes of Baruch and Coon--and keep cutting their throats, as he does.

RACIAL... Not Geographical Nationalism!

What would you think of a man who advocated "County-ism", violent "patriotism" for one's particular county, and to hell with surrounding counties?

What would you think of a man who advocated each county having an army, and being ready to fight and KILL folks from other counties?

At one time, when counties were more important and transportation and communication were far more difficult than now, there actually WERE such men.

Today, we realize how foolish such division was. Country bounderies are useful ONLY for administrative purposes.

But we still have people who want to divide our White, Christian people by geographical bounderies of "Nations". The Jews are not so divided, and they are beating the daylights out of us because they are Jews first--and only after that are they "Americans", "Frenchmen", "Germans", etc. Yet there are many good and noble people who still want to keep us apart from our racial brethern in Canada, England, Germany, France, Spain, etc., on the basis of an inflated "Nationalism".

Now REAL "Nationalism", love of one's own GROUP is the very essence of Nature's plan for survival, and must be preserved.

But "Nationalism" based on phony, invisible and meaningless lines on the ground is wicked, evil and the source of endless murder among us.

I have just returned from traveling all across Canada, and its is utterly impossible to see any real difference between these people and our best "Americans". They are White, Christian, hard-working and talk, think and act precisely as do OUR citizens. Yet there is a big "border" between us and, at the behest of the vile Jews, I am "banned" from crossing that border, in theory. For thousands of years, when politicians of one "country" or the other felt it was to their advantage, they got the people on both sides of these "borders" all worked up and mad at each other, and then they got us to march out and KILL each other by the thousands and millions--for WHAT?

I defy readers to tell me what our White, Christian people gained by centuries of "war" between England, Spain, France, Germany, etc. The "causes" of most of these stupid "wars" are forgotten and should be forgotten. It was a simple case of "team spirit" being used to destroy each other--for the benefit of the waiting Jews--the Rothschilds--who sold the armor, the guns and the ammunition and moved in over the dead bodies of the combatants.

Just what did we gain out of the millions who died in World War I and II? There is MORE tyranny now in the world, not less.

As I see it, our "nationalism" should be in terms of our PEOPLE--not damned-fool invisible lines on the ground such as the Canadian border. If that be treason or lack of "patriotism", I am prepared to stand and defend myself.

My "patriotism" is for my people, the White, Christian people who built and can maintain the wonders of our system of justice, government, art, culture, society and decency. Sammy Davis, Jr., and Harry Golden are "Americans", but I am not prepared to die or fight for them. Let them fight for themselves.

They are not "my people".

MY people are all White, Christians (or Aryan), without regard to whether they happen to have been born on one side or the other of some man-made imaginary line on the ground. I want no part of killing any more White, Christians--no matter what kind of propaganda is pumped into us for doing it.

If there is to be any more war and killing, let it be against the wretched gangs which are murdering my people in the Congo, and the Jew masterminds who are promoting it. If they want me to fight, let the enemy be niggers and Jews, and I will fight with a will!

Dark Millions Welcome H-BOMB!

The WHITE nations, INCLUDING RUSSIA, are fearfully vulnerable to slaughter in H-bomb warfare. Even the death of a few THOUSAND top technicians in our societies would leave us helpless and broken. Our complex societies depend on technology and our defenses are so mechanized and automated that mass slaughter of key machine operators would fatally cripple us.

Not so the primitive savages of Africa, the starving masses of India and endless hordes of yellow men in Asia. They can live on almost nothing (including each other in the case of Africa), have almost no machines, and their societies do not depend on technology to any great extent. The loss of electric power, for instance, in America, would stop just about EVERYTHING. In vast areas of China, they never even heard of it.

Under these conditions, H-bomb warfare is downright ATTRACTIVE to Red China and its endless hordes of worhless humans in Asia, India and Africa. They have too MANY people, and have often purposely STARVED them to thin them out.

The dark races have everything to gain by smashing technological civilization in Europe (including Russia) and America--and nothing to lose--because they have no technology concentrated anywhere to smash. How do you H-bomb the Congo jungles full of ugly black cannibals, or the Chinese plains with millions and millions of primitive rice-growers?

Thus the Jews have a NEW problem.

They, more than any of the rest of us, love their super luxury--Miami Beach, Hollywood, etc. They want to BLUFF and TERRORIZE the world into giving up to Communism and Zionism--but they don't want to die en masse in any holocaust and see their Las Vegas palaces, their Miami Beach Taj Mahals and their Beverly Hills mansions reduced to radioactive, smoking rubble.

The H-bomb is to SPEND us to death and SCARE us to death--not for actual use. Their idea was to get it to Russia, then have a stand-off between their Zionist U.S.A. and their Communist Russia which would force the world to come with its hat in its hand to its Jewish masters to mediate out of Jerusalem where they now want to set up their filthy "United Nations".

But then RED CHINA GOT THE BOMB--and the niggers, Chinamen, Indians, half-breeds, mongrels, coons, jigs and cannibals of the world began to unite behind yellow Mao Tse Tung. Nothing on earth can now stop them, I believe, except Armageddon itself, which will be WORLD RACE WAR.

And in that war, "Communism" will be forgotten.

It will be the super race, the master race which created civilization--the WHITE race--versus the assembled biological scum of humanity which is now organizing the most terrible mass murder and world massacre in all of history.

When it comes, I should not like to be one of the the Jews who got it started.

The black mutineers don't love the Jews--they look WHITE to them.

And we don't love them, either. They look BLACK to us.

RUSSIA vs. CHINA --A Real War!

While many short-sighted rightwing leaders are preaching the "split" between Red China and Moscow is a phony, I have been preaching that it is deadly serious, and that it is based on race.

The Moscow crew are White Men--crazy and wrong as they may be--and the Chinese are dark people--allied with the rest of the dark millions in Africa and Asia--and hate all White people--including the Russians.

The dark mutineers of the earth, led by the Jews, are calling White people by the cryptic name of "colonialists". When they scream for the blood of the "colonialists", they mean YOU--and they mean the Russian White men, too. They don't want White Russian "advisors" in Peking any more--they want dark men, because, unlike most of our blind White people, they are increasingly aware that the battle of our times, "Armageddon", if you will--is between the massed dark millions and the White elite for which Adolf Hitler fought. The Russians, even by kicking out Khruschev, can't escape being lumped in the pot with us, as dirty "White Colonialists". Sooner or later we Whites will all be fighting for our lives, shoulder to shoulder, as they did in the Congo--and you won't give a damn as the howling savages advance with their spears, whether the White

Man next to you is a Communist, Yankee, Rebel, Catholic, Conservative, Liberal, Democrat, millionaire or bowery bum.

History is race--and the battle for the survival of the White elite against the democratic and inferior hordes of dark men approaches.

European Russia is White--and will thus be forced onto our side. They are already becoming aware of that fact--and it is driving them further and further from their dark, Chinese "allies". In fact, I am quite sure there is as much terror in the Kremlin of the colored Chinamen as we suffer from our own rampaging coons.

I wouldn't be too surprised to see Moscow sprouting a "White Comrades Council" before too long.

Changing "White" Russians

As part of the enormous changes taking place in Russia--toward us and away from the massed dark millions of Asia and Africa--the masters of the Kremlin are casting out the saint of Communist saints--LYSENKO!

Lysenko was a Red "biologist" who preached, in accordance with Jewish hopes and wishes, that heredity was nothing, and environment alone determined the nature of people. He went so far as to claim you could grow wheat from corn! The idea is that niggers and Jews aren't inferior--it's only their bad "environment"--and, by changing that, Commie style, everybody will be like the White Folks.

Lysenkian dogmas absolutely stymied Russian biology. Nothing in Russian biology has moved an inch, because all experiments prove that excellence is always the product of heredity, never environment. You can ruin a good man with bad upbringing, of course--but you can NEVER make a genius out of a stupid little nigger in a million years. You might make him a passable doctor, as you can make a chimpanzee a passable bicycle rider--but you can't make a chimp into a bicycle builder, nor can you make a half-chimpnigger into a medical genius like Pasteur, just because you can teach him to manipulate a pill bottle and a hypodermic needle.

Recently, the Russians have canned Mr. Lysenko and his pro-Jewish garbage about environment.

They have also changed one of the fundamental Marxist tenets: "From each according to his abilities, to each according to his needs". That's a Jewish-type scheme so that parasites can eat strawberries and cream and do nothing, while those who have the "ability" to dig in the ditch and sweat do all the producing for the Jew "elite".

In a recent issue of USSR, the Russians have switched this old Red commandment into "From each according to his abilities, to each according to his WORK!"

It is utterly impossible to overemphasize the meaning of that change.

It means that Russia is sneaking away from Marxism--that sooner or later, White blood will win out--and will get rid of Black and Jew blood in the good old-fashioned way.

Definition

After years of analyzing "liberals", arguing with them, studying them, reading their trashy "logic" and trying to "empathize" into their souls and understand them, I have finally come up with the "formula" which I think motivates a "liberal". It's short and sweet, but it packs within these few words the curse of our times:

"What would be nice MUST be; what is sad must NOT be."

You will find that this attitude will explain the nigger-loving, Jew-loving, fact-denying half-wit liverals who ignore a million tons of evidence and keep trying to "save" the world with their pretty lies.

Zionist Goldfink

Herewith we reprint, photographically, the entire front page of the October 9, 1964 issue of the "Jewish Chronicle", published by the Jews in London.

Notice the headline, that both Johnson and Goldfink "praise the Zionists". A reading of the Jew press shows that Barry never deviates an inch from the pro-Jew, "pharasee" line on "Israel". Yet good Americans who are wise to these "pharasees" will not see the inconsistency of a Zionist-"patriot" like Mr. Goldfink!

On the same front page of this Jewish paper, you will also notice the boasts of how the Moscow Hebes flocked around their synagogues by the thousands--even while we are all being told they are persecuted and scared to death. Yet here they are reported in the Jew press, with pictures to prove it, singing Yiddish songs in the streets of Moscow!

I wonder how long I would last if just three or four of us tried singing the Horst Wessel Lied in a Moscow street?

Johnson, Goldwater praise Zionists

Middle East peace hopes

FROM OUR CORRESPONDENT—Washington

Both President Johnson and his Republican opponent for the Presidency, Senator Barry Goldwater, have spoken warmly of U.S.A. Zionists, the need to maintain Middle East stability and their hopes for peace in the area. They did so in messages to the annual conference of the Zionist Organisation of America which took place here last week-end.

Mr. Johnson, who spoke of the conference as further evidence of the close ties between the United States and Israel, stated: "The continued progress of the State of Israel in all fields of economic and social endeavour is of enduring concern to our nation. Our joint study with Israel of a proposed desalting project in that country, as part of a world-wide co-operative effort to solve the problem of the scarcity of water, should prove a benefit to all mankind."

The President recalled that, in his talks with Mr. Eshkol last June, he had emphasised that "it is the strong desire of the U.S.A. to promote friendly relations with all nations of the Near East. The territorial integrity and national independence of all countries in the Near East must be maintained as a primary factor for an enduring peace and for the uninterrupted progress of human development.

"To this end, the U.S.A. is resolved to pursue its policy of firm opposition to aggression and to the use of force or the threat of force against any country."

Senator Goldwater, whose party's programme statement on the Middle East disappointed many Jewish Republicans because of its failure to make an open pledge of friendship for Israel, said in his message: "All Republicans note with pride your fine efforts on behalf of American-Israel friendship.

"We support the integrity of all

Eshkol demanding action from Germany

From our Correspondent

JERUSALEM

A demand for effective action by West Germany without delay to end the activities of German scientists in Egypt, is likely to be the main burden of the statement by Mr. Levi Eshkol, the Israeli Prime Minister, to the Knesset, when it reconvenes on Monday.

The Prime Minister is also expected to refute claims that the scientists have not been successful in constructing effective weapons of destruction in Egypt, and to appeal to all friendly Powers to work for the recall of these scientists by Bonn.

It has been confirmed here that Mr. Eshkol sent a Note to Dr. Erhard before the Chancellor's press conference last week, asking what steps Bonn had taken in connection with the scientists working in Egypt.

Officials here assume that Dr. Erhard had not seen the Note before telling reporters that legal action against the scientists would be useless.

Party chiefs anger Cairo

From a Correspondent

Cairo has launched a new anti-British tirade as a result of the answers given to a JEWISH CHRONICLE questionnaire last week by leaders of the Conservative, Labour and Liberal parties. A commentator on Cairo radio's home service, the official voice of the government, has denounced the three parties as being "equally dominated by an outworn imperialist mentality" in their approach to the Israel-Arab question.

Describing the JEWISH CHRONICLE as a "Zionist paper," the Cairo commentator declared that, in their present election campaign, Britain's political leaders sought to gain the support of Zionist influence which was infiltrating the United States, Britain and other European countries.

Cairo was particularly incensed by Mr. Harold Wilson's support for peace negotiations between Israel and the Arabs and his call for an end to arms shipments to the Middle East. This, the commentator said, "means that a party like the British Labour Party, which pretends to call for Socialism, is no different from the Conservative Party. The imperialist mentality in which the Conservative Party is wallowing is the same mentality which dominates the Labour Party."

Addressing himself to the three party leaders who replied to the JEWISH CHRONICLE questionnaire, the Cairo spokesman said: "The time of mandate, rule and domination has long since passed. If the presence of Israel depends on the presence of British imperialism, British imperialism itself is staggering under the blows of the people. Neither Britain nor its base, Israel, will be able to face the people struggling to regain their rights."

Indian arms deal

From a Correspondent

India's Prime Minister, Mr. Lal Bahadur Shastri, has assured President Nasser that India supports the Arab case on "the Palestine people and the problem of the River Jordan waters."

This was stated by Aly Sabri, the Egyptian Prime Minister, following talks between Mr. Shastri and President Nasser. According to Sabri, the Indian and Egyptian leaders discussed intensification of joint efforts in the field of industrial development, "particularly the military industry, regarding which an agreement was concluded a few days ago."

Federation routed in Kashrus election

JEWISH CHRONICLE REPORTER

There is no representative of the Federation of Synagogues in the new leadership of the Kashrus Commission. For the first time for many years all the honorary officers and members of the executive are those with United Synagogue affiliation or those recommended by United Synagogue members.

This dramatic defeat for the Federation took place at last week's biennial elections to the Commission, held at Woburn House, London. Fifty-four of the 71 members of the Kashrus Commission entitled to attend to vote did so.

Mr. Jack Cinna, the president and the nominee of United Synagogue members for this post, was re-elected, beating his opponent, Mr. C. E. Gaventa, by 34 votes to 15.

This was a heavy blow to the Federation "caucus," which, it is understood, came to the meeting armed with a list of people for whom to vote.

The United Synagogue members, it is also understood, had their own list which, it is believed, was discussed at a special meeting held a few days before the elections took place.

But perhaps the heaviest blow to the Federation was the defeat of the joint treasurer, Mr. H. Stein-

Heschel's secret meeting with the Pope

From our Correspondent

NEW YORK

Rabbi Dr. Abraham Joshua Heschel, who has been in close touch with Cardinal Bea, the head of the Vatican Secretariat for the Promotion of Christian Unity, was invited by Pope Paul VI to an audience on the Monday before Yom Kippur, it is now disclosed.

Rabbi Heschel, who is Professor of Jewish Ethics and Mysticism at the Jewish Theological Seminary of America (Conservative), would not comment on the discussions with the Pope, except to say that they had taken place. It is understood from other sources, however, that the talks were fruitful and friendly.

In private

It is also learned that Rabbi Heschel arrived in Rome on September 11 and that Pope Paul invited him to an audience the next day, a Saturday. The meeting was postponed to the Monday, when Rabbi Heschel explained that he would not travel on the Sabbath.

It took place in the Pope's private chambers, in the room where he meets diplomats and other foreign leaders, and was arranged, it is understood, by a Vatican official.

I have reason to believe that Pope Paul was greatly impressed by Rabbi Heschel's statement, which appeared in the JEWISH CHRONICLE, criticising the new draft version of the "Jewish chapter" laid before the Ecumenical Council and, in particular, the section which Jews regard as a call for their conversion.

THOUSANDS JOIN IN MOSCOW DEMONSTRATION

From a Correspondent

An astonishing demonstration of Jewish solidarity occurred in Moscow on the eve of Simchat Torah when between 15,000 and 20,000 Russian Jews congregated in the streets round the Central Synagogue, which was packed from an early hour.

Visitors just returned from the Soviet capital reported that a large majority of the assembly, which jammed the streets leading to the synagogue, consisted of young people. They stood in their thousands for hours, until long after midnight, singing Yiddish and Hebrew songs.

This year the authorities forbade the traditional circuits of the synagogue forecourt with sifrei Torah.

Observers of the Soviet-Jewish scene confess themselves amazed by this demonstration and especially the massive turnout of young Jews who were noticeably absent from the services on Rosh Hashana and Yom Kippur.

EMERGENCY COMMITTEE TO HALT THE SPREAD
OF NAZISM IN AMERICAN COLLEGES AND UNIVERSITIES

John Carlson - Chairman

Prof. Jacob Cohen - Adviser

In the mistaken belief that there is some genuine intellectual content in national socialism and facism (organized murder) misguided students are inviting the infamous George Lincoln Rockwell, "commander", of the so-called "American Nazi Party" to speak at more and more colleges and universities.

Recently, in a period of about one week, Rockwell spoke at the University of Michigan, Antioch College in Ohio, University of Hawaii in Honolulu, Hilo University, San Jose City College, San Francisco State and Stanford University.

As much as $1,000 has been spent by a single university (as in the case of Hawaii) to subsidize the spread of these doctrines of murder and hate. Rockwell's average fee at most colleges has been about $200.00.

It is a lamentable fact that George Lincoln Rockwell has been elevated by ignorant and foolish college students into the most sought-after "controversial speaker" in America today.

The Emergency Committee ardently believes in free speech, but, free speech for IDEAS, not to advocate murder and genocide.

Rockwell is no thinker or philosopher, but the vicious leader of a tiny band of hoodlums and thugs. He is a bigot who has no genuine ideas or philosophy to present to students. Nothing more than incitement to the murder of Jews and Negroes, whom he claims are mixed up in the "communist conspiracy".

This sort of mad - dog incitement has no place, whatever, on any decent college campus and is NOT "free speech". It is no more privileged as free speech than a shout of "fire" in a crowded theater.

There whould be no problem if Rockwell were as crude and obvious as most bigots of his stripe. But Rockwell is definitely not crude. He has had some experience in advertising and public relations and, it must be admitted, is devilishly clever at disguising his incitements as "ideas".

In spite of all efforts by professionals in the field of inter-group relations to guard students in advance against the trumped-up "facts" and arguments advanced so cunningly by Rockwell, this ruthless poisoner of young minds has drawn enormous, over-flow crowds every time he has spoken. Indeed, he has even out-drawn famous democratic and progressive speakers such as Martin Luther King Jr. and other worthy and world famous Americans.

In spite of all efforts to shout him down or otherwise stand up for decency and truth during his speeches, Rockwell has used cynically calculated methods to appeal to the unprepared minds of students with his sick "humor" and his spurious appearance of intense sincerity has held the audiences and won their attention.

Rockwell, like Hitler before him, is impudent beyond belief in boasting openly of his plans to inject a "seed of doubt" into the minds of the helpless students and he is sucessful.

Intergroup relations experts who have listened carefully to the crowds pouring out after a Rockwell speech have all too often heard, "he's a screwball" but you know, there's a lot in what he says. Or, "of course he's nuts" but, you've got to agree with a lot of what he says.

It is this kind of talk which led directly to Hitler's gas chambers and ovens and it will happen again, here in America, if we don't stop the spread of Rockwellism NOW, while we still can, before he reaches any more students.

College and university students are simply too ill-informed and immature to be allowed to judge Rockwell themselves. He is too slick for them and too pat, --too devilishly clever to permit students to expose themselves to him. To allow college and university students to hear Rockwell is NOT "free speech". It is ex-

Hitler to come to your campus in the

And if Hitler did come to your campus, whould you be silent? Can anything be clearer than that we kill this snake of hate, before it grows any more?

Here are the steps we must take NOW.

1. If Rockwell is invited to your college or university by ignorant and childish students with a half baked idea of "free speech", progressive and anti-fascist forces must take every legal measure to STOP it, before Rockwell's arrival. Rockwell must not be permitted the opportunity to manipulate young minds. See that church leaders, veteran's groups, teacher's societies, parent's groups, in addition to civic and community leaders, INSIST that the invitation be cancelled. Groups and organizations which refuse to cooperate in preventing the spread of this hate, should, themselves be exposed as hate groups.

2. If it proves impossible to stop the speech in advance, than, progressive anti-fascist forces must be mobilized to make it impossible for Rockwell to get any of his ideas across during the speech. If there is sufficient courageous opposition of the right kind, to Rockwell's vicious doctrines during his speeches, no college will want to invite this trouble-maker.

3. Experience has shown, all over the country, that the public and the courts will be sympathetic to anti-fascists who stand up vigorously to Rockwell and his bully-boys. Just think, what a small sacrifice it whould have been to have stopped Hitler back in the early twenties, before he cost millions of our lives.

4. If Rockwell has been sucessful in speaking, in spite of all efforts to stop him, then by all means, we must work tirelessly to neutralize his poison, before it spreads too far. Here are some ways to do this:

a. Get help from anti bigotry professionals like the Anti-Defamation League of B'nai B'rith, the American Jewish Committee, and the American Jewish Congress. Their intergroup relations experts and their anti hate specialists know HOW to combat the effects of bigots like Rockwell. They have ample budgets and sufficient educational material to aid our cause.

b. Get expert lecturers on hate-extremists, such as Gordon Hall, to address the students and expose Rockwell. Mr. Hall has worked in this field for years, with progressive and anti fascist forces and never fails to win young minds away from any tendency to swallow Rockwell's ugly line of lies and bigotry. Mr. Hall is personable and charming on stage and will quickly neutralize the effect of Rockwell's phony humor and smooth demagoguery.

c. Whenever you hear any student or faculty member say anything indicating that he has been taken in by Rockwell's phony facts, report the name and incident, immediately, to one of the professional anti bigotry groups, such as, the Anti Defamation League. They are equipped to deal with disruptors of good will and tolerance.

If progressive and peace loving forces will unite in righteous opposition to Rockwell and replace silence with outrage, non-reaction with all out resistance, and passivity with active, all out battle, for decency and truth, the Rockwells, Welchs' and others of their ilk, will be driven back to their filthy holes where they belong.

exploiting something and

The Egyptians "exploited" the African niggers to produce the giant pyramids.

The Greeks and Romans "exploited" not only the African niggers, but some other conquered people to produce the civilization, art and buildings we still use as models.

Every single item of comfort in your home was produced originally because some brilliant man figured out how to make it, saved his money or borrowed some, and then got together some lesser men who did not have such inventiveness, and "exploited" them to make a "profit", and, incidentally, to produce the goods you now enjoy. Had it not been for the dirty "exploiter", the workers would have no jobs, and we would have none of the material comfort and conveniences superior men invented.

A filthy, disease-ridden nigger squatting in his own filth in Africa is of no use to himself or the world, and his fellow niggers often prove that fact by eating him, with no loss to humanity.

But when some White Man comes and builds schools, factories and hospitals for those dirty, useless savages, and teaches them to produce something they would never even have thought of, he is said to be "exploiting" them.

Soon "humanitarians" come along and demand that the developer of civilization and production out of savage squallor must turn over the whole works to the black boobs he once found eating each other.

As soon as this great "advance" in humanitarianism is made, the world is amazed to discover that the "freed" savages start the same round of filth and cannibalism from which they were rescued by the White "exploiters".

It is time to recognize the African nigger for what he IS-a SEMI-human animal, useful for mindless toil under a kind but firm master and EXPLOITER.

Future generations will struggle hard to try to understand how we ever got to the point where we imagined niggers are "people"--just as we would gasp to hear of some ancient civilization where chimpanzees were granted citizenship and sent to schools and even picketed for their "rights".

Selection By Money

Too few people understand that evolution works only by selection.

Nature creates better beings in every generation not by actually improving the current model, but always by producing great numbers--and then ruthlessly eliminating the poorest quality and the weakest individuals. Thus, only the best of each batch survive to produce more like them. Then these in turn are weeded out, until the breed gets better and better.

Modern, scientific living has now reversed this process among us. When Nature tries to eliminate individuals who are defective, medical science comes along with artificial hearts, kidneys and everything else and preserves the poorly made human being, often allowing the defective individual to pass along the evil to unborn innocents.

Even worse, the best in society today are being taxed to death to make it possible for the worst to breed like mad.

Finally, where male animals in Nature win the right to females and therefore to breed by their manly strength, their courage in combat, and their excellence as biological specimens--in modern society, money has become the main factor in selection. Women gravitate to the males at the top of the heap--as Nature intends--and in our society that is more and more often JEWS, fat Hollywood and New York Jews who dazzle little country girls with their Cadillacs, Beverly Hills or Park Avenue penthouses, etc., and breed our sweet little White angels to be the mothers of ugly, camel-faced Jew babies.

We must so organize things that young women will once more value a MAN more than a buck. To permit the opposite, is to hand our women over to rich JEWS and niggers.

That Noisy "Kid Stuff"

Those who suffer, like me and most of our Nazis, from the insane noises and "rhythms" of what we call "Jew" and "nigger" music may be interested in the explanation for some of the liking for this mad cacophony.

Kids cannot get pleasure from subtle jokes or suble movements like the ballet.

You will notice that the thing which makes little kids scream with pleasure is to be tossed about in the air and to be "dandled" on a knee or rocked to sleep, etc. Immature humanity needs what psychology calls "kinetic" action to produce a reaction. They have to be actually moved in space or experience loud noises and bright colors to get any "charge". As they mature, they are able to enjoy more and more subtle pleasures, until finally they can enjoy the most delicate shadings of color, music and meaning. When they reach this stage of understanding and refinement, the wild motions and colors and noises enjoyed by kids, etc.--are downright disturbing.

You will notice that primitive savages enjoy bright beads, loud drum-beating, shouting and the wildest kind of "dancing".

If you will examine what is being palmed off on our youth today by Jewized commercialism, you will quickly see that it is precisely "kid stuff"--the most savage and backward "music", "art" and "dancing" which is being promoted.

Our great-great grandpappies and grandmothers were far, far more mature.

They got pleasure out of the most restrained and subtle music, dancing and painting.

Unless we can reverse the trend toward immaturity and savagery, we are headed back to the caves and cannibals.

Whites, Unite!

Did you ever stop to think what a colossal disadvantage we suffer in fighting the Jews?

They have two worldwide and unified plans for fighting us: Zionism and Communism.

What is our plan--the White, Christian plan?

We have none. What little opposition we develop to their conquering plans is fatally divided because we are not just "White" and "Christian"--we are always "Protestants", "Catholics", "Rebels", "Labor", "Management", "Germans", "Englishmen", "Americans", "Canadians", "Communists", "Anti-Communists". etc., etc.

So the enemy takes us one by one--and conquers us. Now the Catholic Church is being forced to preach that we killed Jesus, and that the Jews are the greatest!--In spite of the plain words of the Bible. Yet we remain bitterly divided.

Unless we can stand together as White Men--and as "Christians" (whatever you want to call it), we will be annihilated. We are being annihilated.

Only MEN Make History

In traveling all over this earth, I have never seen a statue to a committee.

Can you imagine a public square with a great marble monument to the "Committee on National Security" or the "Rules Committee", etc., with a big marble table, surrounded by giant stone figures with their pencils and pads and cigarettes, ashtrays and charts?

Humanity may have committees for some purposes. But for great purposes, when history is to be made, mankind wants and gets personal leaders, MEN!

It is no different today.

Constitutional government and law are things in which I believe with all my heart.

But we wouldn't have them were it not for MEN, like Washington, Franklin and Jefferson.

We won't keep that Constitutional government unless we can find some men, some leaders, the kind we build statues to, to stand up and fight for us.

It can never be done by any squabbling committees.

We need a man--as Douglas MacArthur would have been had he been willing to lead us. McCarthy could have done it. At one time, Walker could have too. But he just WON'T do it, because he is afraid to discuss the Jew question.

Since none of our natural leaders would do it, we have had to climb up out of the gutter ourselves and do the best we can.

Other men have crawled out of other gutters and made history.

Whole Greater than Sum of Parts

I have many times pointed out the idiocy of the pretense that goes on all the time that "the ends do not justify the means"--while we draft men to die in wars, etc.

Now it is time to puncture another of these silly canards of the left.

The "less government" nuts never tire of preaching against "the state" and telling us that it is nothing more than the sum of the parts--the individuals, and that everything exists for the INDIVIDUAL, even as our society and race perish because we are fragmented into a thousand, selfish, short-sighted "interest groups", etc.

The easiest and quickest way to see the madness of these babblers is to think of a family.

All of us have known happy and tightly-knit FAMILIES. They are made up, at any one time, of men, women and children. That is all. So many men, so many women and so many children.

You could get the same number of men, women and children together in a bunch any day from the streets of any city.

Will anyone pretend that such a chance gathering of men, women and children could be called a "family", even if you passed a law and gave them certificates?

NO! Of course not! A family is something holy and ALIVE, something precious and REAL--even though you can't see it or measure it.

AND IT IS SOMETHING MORE, MUCH MORE, THEN THE MERE SUM OF THE INDIVIDUALS WHO COMPRISE IT. It is enduring love, tradition, memories, willingness to sacrifice shared dangers and miseries, antagonisms and a thousand hopes and dreams.

In other words, a "family" is a REAL THING--and something else besides a simple group of human beings.

Another analogy is a pile of bricks, boards, hardware and nails. In that pile you can have every element of a "house", but the sum is NOT a house. It is only a "pile" of stuff. A house is something MORE than the sum of its parts. And a "home" is STILL more than the intangible which makes the "house".

In the same way, a "state" is really a big "family", and a "nation" is a big "home".

No member of a family can be permitted to destroy the family for his individual "freedom"--nor can a member of a state hurt the state to express his "freedom".

Only Failure is "Immoral"

I recently had a lengthy argument with a fine man who is a Catholic Priest and who believes as we do--all except for our "methods".

"Immoral methods are never justified", claimed this good man. "It is better to perish than to "play dirty".

To me, this attitude is incomprehensible.

When the survival of only one man is at stake, then honor must determine what methods he uses to survive, since survival as a coward or cheat would be worse than death.

But when the survival of a whole people is at stake, as the survival of White, Western, Christian civilization is now at stake--to me--there IS no "moral" and "immoral". The only immoral thing is to permit an enemy to destroy one's people, either by decay or by physical annihilation.

I do not hesitate to admit that I would do anything, absolutely ANYTHING, which would insure the survival and happiness of our White, Western people and the end of Jewish power to subvert, degenerate and destroy us. That includes doing what I know will result in my own death--if it will help our people survive.

It is my belief that history has been made by men willing to do whatever was necessary--not by fancy-pants preachers of "nice" doctrines which sound good in the drawing room but mean nothing but oblivion in the filth, stench and horror of the battlefield.

If the enemy gouges eyes, I will gouge eyes and kick to the groin. If he lies to me, I will tell him such lies as will send him straight to hell. And can any informed person doubt the utter viciousness of the enemy--or his growing success?

I mean to WIN. I am a political soldier, not a preacher. Perhaps I will go to hell for doing what must be done.

But from down there, I will be able to look up and see the sweet little White boys and girls once again playing in a White, Christian, decent, safe and wholesome America. And if I can do that, then bring on the devil with his worst.

The Little Vote That Isn't There

For a long time I have been fooled by the "Index" put out by the Americans for Constitutional Action. It seemed a pretty foolproof way to judge our Congressmen and Senators with almost mathematical precision. This group picks key issues for pro-Americanism and Constitutionalism, and then rates the members of Congress by their votes on these issues.

I was praising Senator John Tower's 100% record on this scale to some of our good folks in Dallas when they hit me with one of these simple facts like how a magic trick is done which makes you feel foolish not to have "seen through" it.

What the ACA index fails to take into account is the votes where the boys NEVER EVEN SHOWED UP AT ALL--and, more important--the votes where the outcome was a FOREGONE CONCLUSION.

Goldwater and Tower have almost "perfect" records--WHEN THEY VOTED.

But there were many crucial times when they just didn't show up at all and were thus not recorded one way or the other. Whenever a RACE-MIXING vote was up, this is what these gentlemen, and dozens of kosher conservatives like them, did. Whenever they were almost FORCED to vote, as on the Civil Rights measure--they made sure their votes MEANT NOTHING--because the other side had more than enough to win, no matter HOW they voted! In close calls, the record shows time and again, Jew stalwart Goldfink and his ilk just stay home--and keep their ACA index "100%".

If ACA is on the level and not kosherized, we suggest they add this factor to the index, so we will see which members of Congress are REALLY in there on our side, and which are simply clever enough to earn a fancy index number without ever really HURTING the enemy.

Rotten "Modern" Logic

One of the most vicious bits of reverse logic currently being used to destroy our society and our morals is that because an ideal is impossible to achieve, we should cease striving toward it.

"Nobody can lead a pure life, nobody does lead a pure life", goes the "modern" logic peddled in the "enlightened" circles. Everybody commits adultry, fornication, etc., etc.--so, since everybody does it--YOU MAY AS WELL TOO.

Our forefathers slipped--sure. They sneaked out on their wives, they got drunk, they lied, they did all the things they weren't supposed to.

But they were ashamed of it--and society condemned them for it!

This shame and condemnation of society kept violations of the moral and social laws to a minimum.

Lack of shame and condemnation by society is now promoting every form of degeneracy and immorality.

I will admit that the process of condemnation, etc., is sometimes cruel to the individual who is caught. But it is still crueler to invite thousands of young people to participate in immorality and degeneracy which will eventually destroy not only their personal lives and happiness, but the society itself.

We can't "wipe out" sin--but we can make it "disgraceful" and penalize it with social condemnation. It doesn't matter whether we do it as part of a "religion" or as a practical matter. The society which does not maintain high standards of conduct and ideals becomes savage and degenerate--and weak.

When we not only lower our standards--but abolish them--on the grounds that everybody "slips" --it is like saying that carpenters should throw away their plumb-lines and squares because every house has some places which are not exactly plumb and square. In a house, this would mean a collapsing building.

In society, it means a collapsing people. And that's just what we are.

Secrets of Death

My wonderful grandmother taught me something about death I have never forgotten, and which I would like to pass along.

She died well past ninety, and knew she was going.

The last time I saw her, when I got back to the U.S.A. from overseas during the War, we talked about death. I asked her if she feared it.

She asked me if I ever feared going to bed when I was really tired.

I told her I could hardly WAIT to get in bed and to sleep when I was dead tired.

"I am tired", she said--as well she might be after a vigorous and very, very full life, "and I want to go to sleep. I need to rest", she said, meaning every word, and without any phony drama about it.

I have learned by experience that death in battle or combat (in war or at the hands of rampaging Jews or niggers) is nothing to fear, since violence and injury suffered in combat is utterly painless under the "anesthesia" of battle. You fear nothing and feel nothing while you are fighting. It is only afterwards--and when you are mending--that you "hurt", and its is only before--when you contemplate the dangers involved, that you "fear". Thus, like our ancestors, for a hundred thousand years and after fighting in two wars for my country, I do not fear death in combat at all, and neither should anybody else. It is a very real part of LIFE.

And death of old age is precisely like going to sleep, as my grandmother taught me--when you are all tired out.

It is welcome, pleasant, and necessary.

The only death I fear and which any man should fear is the death of a coward.

He who spends his life running from death never lives.

Get It Straight

Few things discredit our cause more than unfair and untrue charges.

Our side is the side of TRUTH--not lies and smears.

Yet I continually find my fellow rightwing leaders unthinkingly repeating charges which are easily shown to be FALSE--and which thus make all the truth they tell suspect.

One of the best examples of this is the current fad of calling Nicholas Katzenbach, acting head of the "Justice" Department--a "Jew". The "Justice" Department is Jewish and vile enough without lying about is. Katzenbach and his wife are both from old-line, colonial American families, as a brief check of "Who's Who" or any other record will show. Thousands of informed Americans KNOW this--just as they know that Governor Wallace, for instance, is not a "Jew" or a "Negro". Can you imagine how we would scorn a liberal paper which called Wallace a "Jew" or "Negro"--and how we would crow that the whole thing was a pack of lies!

That's just what informed people do and say when they read utterly SILLY charges like Katzenbach being a Jew. I am not taking up for this louse. He is a no-good, all right--but let's get him for what he IS--not for what he AIN'T.

Perhaps the silliest recent example of this sloppiness and foolishness in the rightwing is Edward Fields' charges that Moses, head of

BITS of BIGOTRY

Dr. Wesley Swift, in a recent sermon, explained a NEW Jew trick.

NOW the Hebes change their names TWICE. From Cohen it becomes Smith, and then "Jones".

That way, when somebody asks an obvious Jew named Jones what was his name before it was changed, the Jew answers "Smith"!

Goldwater worshippers, please explain THIS one to me.

A measure of the insanity of our times is provided by the recent change in a Shell gas television commercial.

The commercial used to show two cars running on a sort of desert. A white car had "platformate" and went further than a black car which did NOT have platformate.

The niggers complained, "discrimination" against black cars!

The commercial now has two WHITE cars!

Since the Jenkins case, many people are doing some "re-thinking" on LBJ's nude swimming parties. Lyndon MAKES visiting big-wigs strip down raw and swim with him. Can you think of more "fun" --if one happens to be a Jenkins type?

A project we need to initiate immediately is the training of college student leaders and cadres to fight gangs like the University of California Reds who have recently humiliated their own administration and established student anarchy at this Moscow of the West.

There are plenty of students who feel as we do, but they are un-led and inarticulate.

We shall remedy THAT.

In the current Playboy there is a typically self-adulatory article by James Baldwin, the famous nigger novelist.

Most appropriately, opposite the first page of this nigger article, there is a portrait--a most APPROPRIATE portrait of nigger Baldwin.

The portrait is a photomentage of his ugly, bug-eyed nigger face made out of pieces of TRASH.

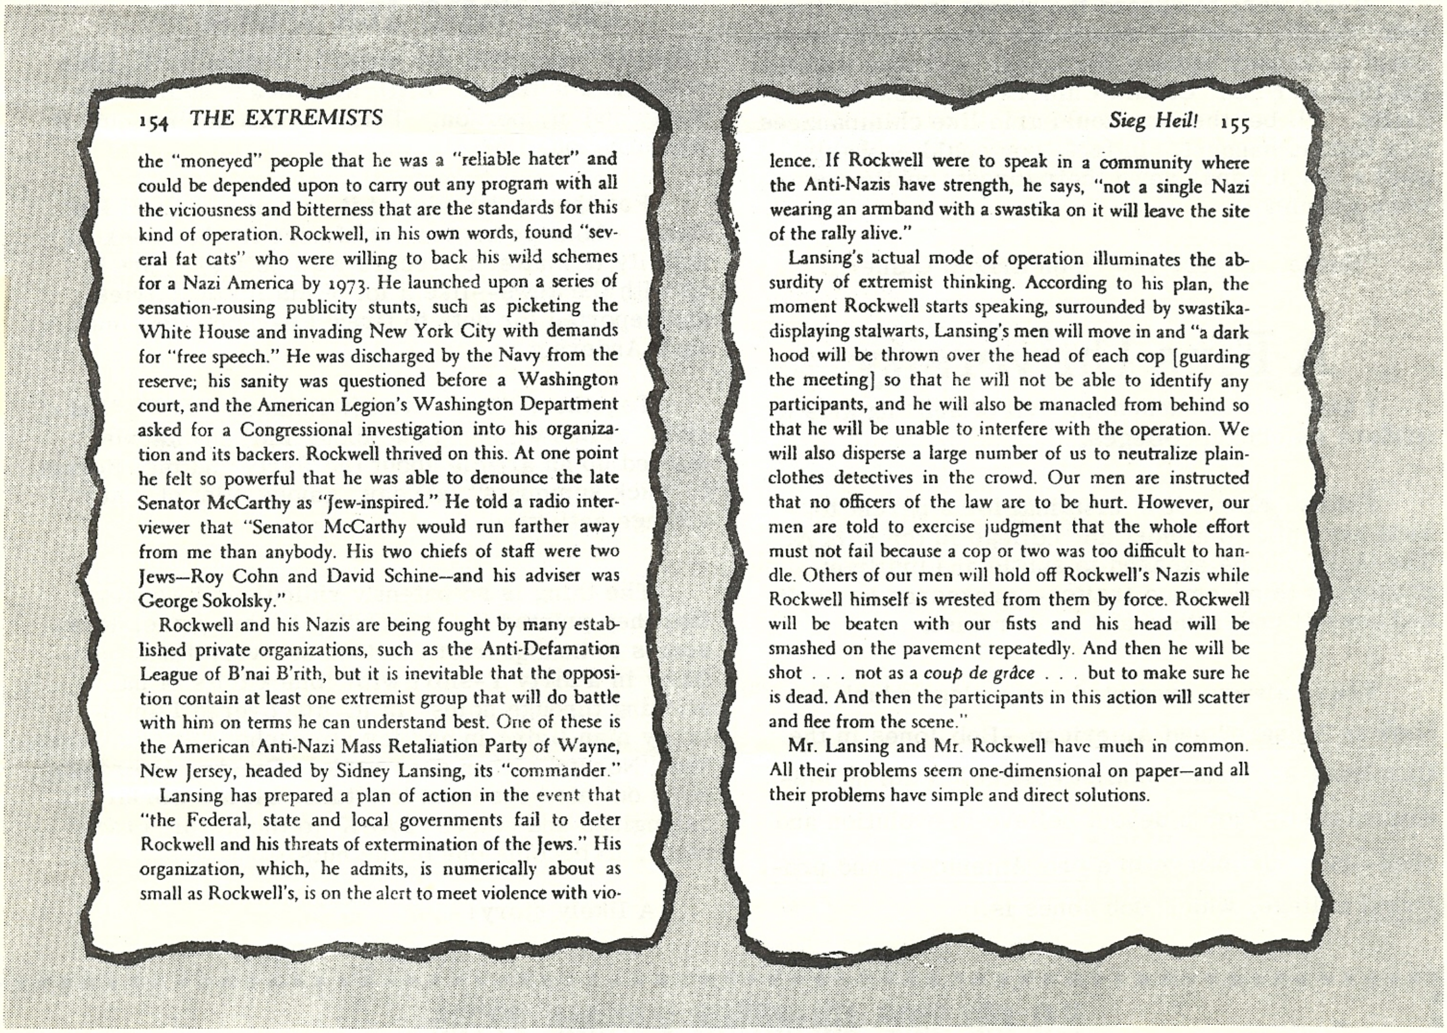
Council of Federated Organization in Mississippi, is a "Jew". The name sounds Jewy--so Fields just goes ahead and blasts away that Moses IS a "Jew".

Moses is a NIGGER!

Bloodthirsty Jews

Herewith we reproduce photographically two pages from a recent book on "extremists".

The book makes it appear that Sidney Lansing and his crew are just crackpots and nothing to worry about.



154 *THE EXTREMISTS*

the "moneyed" people that he was a "reliable hater" and could be depended upon to carry out any program with all the viciousness and bitterness that are the standards for this kind of operation. Rockwell, in his own words, found "several fat cats" who were willing to back his wild schemes for a Nazi America by 1973. He launched upon a series of sensation-rousing publicity stunts, such as picketing the White House and invading New York City with demands for "free speech." He was discharged by the Navy from the reserve; his sanity was questioned before a Washington court, and the American Legion's Washington Department asked for a Congressional investigation into his organization and its backers. Rockwell thrived on this. At one point he felt so powerful that he was able to denounce the late Senator McCarthy as "Jew-inspired." He told a radio interviewer that "Senator McCarthy would run farther away from me than anybody. His two chiefs of staff were two Jews—Roy Cohn and David Schine—and his adviser was George Sokolsky."

Rockwell and his Nazis are being fought by many established private organizations, such as the Anti-Defamation League of B'nai B'rith, but it is inevitable that the opposition contain at least one extremist group that will do battle with him on terms he can understand best. One of these is the American Anti-Nazi Mass Retaliation Party of Wayne, New Jersey, headed by Sidney Lansing, its "commander."

Lansing has prepared a plan of action in the event that "the Federal, state and local governments fail to deter Rockwell and his threats of extermination of the Jews." His organization, which, he admits, is numerically about as small as Rockwell's, is on the alert to meet violence with violence. If Rockwell were to speak in a community where the Anti-Nazis have strength, he says, "not a single Nazi wearing an armband with a swastika on it will leave the site of the rally alive."

Sieg Heil! 155

Lansing's actual mode of operation illuminates the absurdity of extremist thinking. According to his plan, the moment Rockwell starts speaking, surrounded by swastika-displaying stalwarts, Lansing's men will move in and "a dark hood will be thrown over the head of each cop [guarding the meeting] so that he will not be able to identify any participants, and he will also be manacled from behind so that he will be unable to interfere with the operation. We will also disperse a large number of us to neutralize plainclothes detectives in the crowd. Our men are instructed that no officers of the law are to be hurt. However, our men are told to exercise judgment that the whole effort must not fail because a cop or two was too difficult to handle. Others of our men will hold off Rockwell's Nazis while Rockwell himself is wrested from them by force. Rockwell will be beaten with our fists and his head will be smashed on the pavement repeatedly. And then he will be shot . . . not as a *coup de grâce* . . . but to make sure he is dead. And then the participants in this action will scatter and flee from the scene."

Mr. Lansing and Mr. Rockwell have much in common. All their problems seem one-dimensional on paper—and all their problems have simple and direct solutions.

But this same gang of Jews have attacked us several times, and they try the same terrorism they used on the helpless British in Palestine.

And no matter what they do to us--they always praised in court as innocent defenders of "Americanism" while we go to jail. Some of our lads are doing TEN YEARS right at this moment after being attacked by these Jew terrorists at the Shrine Auditorium in Los Angeles!!!

Call the Liars Hand

I have figured out a way at last to put a quick end to the creeps who keep whispering that I am some kind of agent for the Commies or Jews.

The next time somebody puts this garbage out, ask him if he is man enough to write it down and sign his name to it. If he does, and he sends it to me, I will give him a chance to prove it in court--or pay for his dirty and cruel lies.

Any person who is sure of such a charge should certainly be happy to take me to court and expose me once for all, if only to "protect" others from my dirty "Jew" spying, etc. If they refuse to write it down and sign it, then you may know for sure they are cheap, worthless liars and cowards willing to talk behind a man's back, but chicken to face him with it.

I will predict right now that not one of these liars will dare to put it in writing.

Smile, Niggers!

Watching a Hebe program called "Candid Camera" recently, I got an idea. People are suckers for any kind of a chance to ham it up on TV, etc.

The "Candid Camera" gent was dropping paint on people, knocking them down with ladders and otherwise giving them a hard time--but they all "took it" because they were told they were on "Candid Camera".

This has given me an idea.

If one were to spread the rumor in nigger town that "Candid Camera" was in the area, I believe one could go around bashing the coons, and then explaining they were on "Candid Camera" and ask them to smile. I'll bet the jigs would grin like chimpanzees at a banana banquet. In fact, you could probably stuff a few bananas down their throats while they were grinning.

"Smile, nigger, you're on Candid Camera!"

A Fine University

I have long preached the evil of sending kids to modern American colleges.

I truly believe it is criminal for a parent to send any child to almost any college in the U.S.A. The child will be exposed to subtle and brilliant pressures to become a traitor--pressures he can't and doesn't understand and can't resist.

I have always exempted one college which I know is "square" and American--Bob Jones in the Carolinas--a fundamentalist college. I am no fundamentalist--I am a devout believe in evolution and race--but I do believe in a pro-American, and pro-moral college, which Bob Jones is.

I have recently had occasion to learn a good bit about Brigham Young University in Provo, Utah. Kids are not permitted to smoke or drink, and the Mormons believe niggers are the descendants of Cain and, whether they admit it or not, they intelligently "discriminate" against these black inferiors. Their grounds are "religious"--but that makes no difference. Your child can safely go to Brigham Young and come out a clean White American, without a lot of filthy, beatnik and degenerate habits and beliefs.

I cannot make that statement about any other large college I know of in the country.

A FAIRY Stamps its Foot

"Parade" magazine for Sunday, December 6, 1964 contains a smear to END all smears against the Party and my person. This one was so "far out" it was hilarious.

For those who missed it, a "man" named Pat Ryan, whom we booted out of here for homosexual activity (a matter of record with police), joined up with the Jews--like a lot of his fellow fairies, and reported for duty to Drew Pearson's leg-man, Jack Anderson.

Together, "Pat" Ryan (we named "him" "Patricia" when we found out about him) and Jackie worked up an article about the Party and me. Seems I "suck kumquats" all day, among a lot of other strange activities.

The thing is so patently ridiculous I wonder that they printed it. According to this piece, Ryan comes to headquarters to look us over, finds me filthy in a dirty T-shirt with "black tufts of hair sticking through holes" in it, discovered I am a crazy man living in an "icy atmosphere" to be somehow "Nordic"--then goes back to Omaha, Nebraska, sells out his house and lot, takes all his worldly belongings and comes BACK to the awful, crazy place, to become one of the nuts.

A likely story!
